April 2018

Mowing Ordinances

Most of our residents are great at keeping their lawns mowed and not discharging grass into the street. On occasion the Police and Building and Safety Officer receive complaints about residents discharging into the roadway, which along with many other items are illegal as they harm our sewerage system.

When it comes to putting items into the gutters the City Code Section 8-3-8 states the following:

It shall be the duty of every person owning or occupying any lot or parcel of land adjoining any public or private alley in the city to keep the same clean and in an inoffensive condition, and also keep the gutter in front, behind, or beside the premises owned or occupied by him, or under his control, free from filth or other offensive matter, including, but not limited to, landscape waste or leaves, that may prevent the free flow of water therein. No property owner, occupant or any other person shall place, rake, or blow any leaves or landscape waste in any of the public street gutters adjoining their property owned, occupied or at which a person is working for hire or as a volunteer.

We simply ask that you blow your grass into your lawn instead of the gutter and if you happen to or it is necessary to blow your grass into the gutter to please sweep it out as we do have other items our police force should be focusing on.
